### *About the Thanks Mom & Dad Fund®*

America is rapidly graying. There will be 70 million older adults by 2030, more than twice the number in our population in 1990. Founded in 2003, the Thanks Mom & Dad Fund® was established to fund the vital services on which today's growing population of older adults depend—services which provide food, housing, medical care, transportation, and more. In its first 10 years, the organization has raised more than \$1 million for senior services across the state of Georgia. The Thanks Mom & Dad Fund® is a tax-exempt nonprofit organization, under the I.R.S. tax code 501(c) 3.
